

Syllabus for the academic year 2018/2019

Description of the course

Module/Course	Practice in the field of outpatient health service (family doctor) in an outpatient clinic or health center or family doctor practice.	Group of detailed education results	
		Group code: E	Group name: Non-surgical clinical sciences
Faculty	Medicine		
Major	Medicine		
Specialties	not applicable		
Level of studies	Uniform master degree studies X		
Form of studies	full-time X		
Year of studies:	II	Semester:	Summer x
Type of course:	obligatory X optional X		
Type of Course:	major x		
Language of instruction	English X		

Number of hours: 90

Form of education: professional practice

Unit teaching the course: Outpatient clinics, family doctor's surgeries, specialist outpatient clinics- providing health services under the National Health Fund	Lectures (L)	Seminars (SE)	Auditorium classes (AC)	Major - non-clinical Classes (MC)	Clinical Classes (CC)	Laboratory Classes (LC)	Classes in Simulated Conditions (CSC)	Practical Classes with Patient (PCP)	Specialist Classes - master degree studies (SCM)	Foreign Language Course (FLC)	Physical Education - obligatory (PE)	Vocational Practice (VP)	Self-Study (Time of student's own work)	E-learning (EL)
Winter semester:														
Summer Semester												90		
Total per year:												90		

Educational objectives: (max. 6 items)

C1. practical improvement of professional skills acquired in the course of studying major subjects.

Education result matrix for module/course in relation to verification methods of the intended education results and type of class

Number of course education result	Number of education result from standards	Student who completes the module/course knows/is able to	Methods of verification of intended education results	Form of didactic class ** enter the abbreviation
U 01	E.U1.	takes medical history from the adult patient	Medical Practice Documentation. Opinion of the Placement Supervisor from the hospital. Medical Practice Documentation.	Vocational Practice
U 02	E.U3.	performs a full and targeted physical examination of an adult patient;		
U 03	E.U7	evaluates the general condition, state of consciousness and awareness of the patient		

U 04	E.U.12.	performs differential diagnosis of the most common diseases of adults and children	Medical Practice Documentation. Opinion of the Placement Supervisor from the hospital. Medical Practice Documentation.	Vocational Practice
U 05	E.U.14.	recognizes states of immediate life threat (based on the results of laboratory tests)		
U 06	E.U.24,	interprets laboratory tests and identifies the causes of deviations		
U 07	E. U.29	performs basic procedures and medical procedures		
U 08	E.U4	performs a physical examination of a child of any age		
U 09	E.U11	carries out balance examination		
U 10	E.U2.	takes medical history from the child and his/her family		
U 11	E.U16	plans diagnostic, therapeutic and prophylactic procedures		
U 12	E.U20	Qualifies the patient for home and hospital treatment		
U 13	E.U27	qualifies the patient for vaccination		
U 14	E.U32	plans specialist consultations		
U 15	E.U38	keeps the patient's medical records.		

Please mark on the scale 1-5 how the above education effects place your classes in the following categories: transfer of knowledge, transfer of skills: Knowledge (K): ++, Skills (S): +++

Student' s amount of work (balance of ECTS points)

Student's workload	Student Workload (h)
1. Hours of classes at the University:	90
2. Time of student's own work:	0.0
Total student's workload:	90
ECTS points for module/course:	2.0
Comments:	

Content of classes: Other:

1. Familiarization with the scope of the clinic (center) work.
2. Familiarization with the process of patient registration, types of documentation, the way of conducting it and the system of keeping files in the clinic or center.
